MEMORIAL EXERCISES AND DEDICATION

Of Soldiers Monument in Bethel.

As has been previously announced in our columns, it is proposed to make Memorial Day in Bethel the one grand patriotic occasion in many years; the central feature of the day being the dedication of the soldiers' monument, recently erected in the village.

A grand procession will be formed on Church street at 2 o'clock in the afternoon. The line of march will be up Church street to Main street, around the Common and down Main to the monument. This procession will be composed of the members of the Grand Army, the ladies of the Relief Corps, the speakers and town officers, the various Fire Companies, citizens of Bethel and elsewhere, students and teachers of Gould's Academy and the students and teachers of the town schools. This procession will be led by the Rumford Falls band of twenty-five pieces and will be marshaled by Capt. A. B. Twitchell of Elizabeth, New Jersey.

All who are to join the procession are requested to meet on the Academy grounds at 1:30 p. m., except the school children who are requested to meet at the brick school building at the same hour. The procession will start at 2 o'clock sharp.

This will be one of the grandest processions ever formed on the streets of Bethel, and everyone on elsewhere who will be here upon the occasion are invited to join in the procession, and it is sincerely hoped that a large number of people will accept the invitation. This will probably be the last time that our citizens and friends will be invited to join in a procession with the soldiers boys of Bethel, and we are sure that all will accept the invitation.

At the monument appropriate memorial and dedicatory exercises will be held. Short addresses will be made by local speakers and also speakers from away, including Capt. A. B. Twitchell of New Jersey and Mr. John M. Gould of Portland. In addition to the various selections from the band the school children and a chorus led by Prof. W. S. Wright will sing several patriotic selections.

FIRE ALARM ON SUNDAY EVENING

For Small Blaze on Waldo St.

The fire alarm Sunday evening at Rumford Falls was on account of a curtain and window shade fire in the home of Andrew T. Ruff, on Waldo street.

Mr. Ruff heard the alarm and stepped out of his room to the box. Some one shouted to him that his house was on fire.

It was true for an upstairs room seemed to be all ablaze.

Mr. Ruff rushed to the room and succeeded in smothering the flames. Curtains, shades and casement were burned.

A slight delay, and a serious fire would have been under way. The department, and about half the population, responded to the alarm.

Mr. Ruff lit a lamp in the room, and immediately went down stairs. The fire originated, as thought, from the match used for that purpose.

The alarm was rung in at 8:30 o'clock.

THE TWIRLE IN A WHIRL.

The grand ball for the benefit of the local club occurred Friday night at Rumford Falls, and was a grand success, both in point of fun and profit.

The music was furnished by Briggs' orchestra, and the steps taken by the staff of John Hartley, the famous promoter.

The grand march was led by Philo Landon and Miss Mildred Brown.

From the first to the last strains of the orchestra there were many dancers as the floor was crowded with the happy throng.

The men were requested to pay a fee and most of them. They paid and were discharged.

STOLE PROVISIONS.

Monday morning, two men, on one point of view of Police Officer, were arrested in the Municipal court at Rumford Falls, charged with stealing provisions from a home near the ball bridge Sunday.

The men were requested to pay a fee and most of them. They paid and were discharged.

FIRST ANNUAL SALE

By the West Bethel Improvement Club.

The first annual sale which was held last Thursday afternoon and evening at Bell's Hall, the use of which was freely given by Mrs. E. J. Bell, was a decided success.

The hall was very prettily decorated with crepe paper and over the stage were the letters W. B. I. C. in silver colors on red bunting which added much to the hall. A large flag was draped at the back of the stage.

There were five tables at the entrance of the hall from which ice cream and cake was sold and served by Mrs. L. E. Allen and Mrs. H. P. Dennison. Next on the left was a table of fancy articles where Mrs. T. W. Vashaw presided. Then came a table of postcards and handkerchiefs which were sold by Miss Mabel Scriber and on the right was an apron table attended by Miss Alice Foster. Last, but not least, was a table of sweets, home-made candies of all kinds sold by Marion Morrill.

The entertainment was very much enjoyed by all, and the committee which was headed by Mrs. E. J. Bell, was a great credit to the club.

The program was as follows:

Music—Graphophone.

Recitation—Mammy Tim.

Dorothy Morrill.

Tableau—Farmers of Today.

Frankie Vashaw.

H. P. Dennison.

Recitation.

Tableau—Everybody Works but Father.

Recitation.

Tableau—Three Comrades.

Recitation.

Tableau—Good Night.

Mr. Dennison as manager did his part very nicely.

The members of the club gave their presentation which was made by Mrs. E. J. Bell. The presentation was made by Mr. Dennison, and Mrs. Pike made many appropriate remarks which showed her appreciation to the club.

Then last came the closing of the ball, when the ladies had getting genuine for a sofa dance which was made by Mrs. J. E. Allen, and also given to the club.

The number of tickets to the ball was 250, the number of the club was also given by W. W. Goodridge.

The members of the club wish to thank all who so generously patronized the sale and entertainment. The amount received was \$40.10.

NEW SCHOOLHOUSE AT SMITH'S CROSSING.

Plans are all made for the new school house at Smith's crossing. The location is on the land formerly known as the Burgess farm, and is some rods north of the site of the present school house.

This is being done according to the plan taken in the last town meeting, and will be a great convenience to the families in that section and will also be an improvement in the general appearance of that particular section.

STANLEY BISBEE OF RUMFORD FALLS IS

Nominee for Representative.

Stanley Bisbee, who was nominated last Saturday by the Republican party of Rumford for Representative to the Legislature, was born in Buckfield, and is the son of Col. George D. Bisbee.

Mr. Bisbee came to Rumford in 1893, and for two years was the agent of the American Express Co. He then bought the hardware business, and has since been conducting one of the largest and best stores of the kind in the county. The present location is in the

Cheney building on Congress

Mr. Bisbee has not interested himself in politics very much and cannot be said to be a politician. He was Corporation Assessor two years, and for the past six has been a member of the school board. He is a good type of the yankee that formerly ruled this land, and has in his veins the blood of men who fought for the liberty of the land.

He is a Republican of the open minded sort, and regarding the questions in dispute in the party says that he shall act the part of a juror, and hear all sides and then act as his judgment dictates.

FOR THE INTEREST OF OLD NEW ENGLAND. LETTERS FROM OUR READERS.

A Conference of Governors Is Suggested.

Opportunities Are Very Much Neglected.

The movement to get the governors and heads of departments in the various New England States together in conference to plan a campaign for the improvement of the opportunities for business and educational development within the states, is a worthy effort.

The West has been boomed and boomed until people have almost forgotten that New England is the section where the corner stone of this nation's greatness was laid.

Many do not know that its natural resources are of value enough to maintain several times its present population in comfort.

Herbert Myrick a newspaper editor of Springfield, Mass., issues the following call, and requests all to join him in the call, by sending approving letters to the Governor.

"Let us also co-operate to foster the common interests of New England along the following lines:

1. The encouragement of forestry, especially by minimizing the danger of fire, by a wise and liberal policy in taxation, supervision of cutting, and by education and expert advice upon the whole subject.
2. The conservation of rivers and lakes, protecting them against pollution, drought or waste; utilizing them for power and navigation, pleasure and health; also drainage.
3. In transportation. New England needs a statesman-like policy in dealing with steam railroads and electric railways. Still more do we require good roads and good care of all highways, and their intelligent use by all vehicles, whether propelled by animals or motors. Perfect, rapid, cheap transportation and communication between the remotest farm or hamlet and nearby towns or cities is a universal necessity and a common benefit.

4. More uniform legislation by the different states regarding matters of common interest should come as a gradual evolution.
5. Promote New England agricultural and industrial development—draw hither the best brain and brawn from this and other countries. Restore, revivify, improve our agricultural and rural life, for upon the farm depends town, state and nation. Multiply industries, improve the efficiency of labor, promote domestic and foreign markets for our manufactures.

6. Make the most of New England's geographical, climate, historical and social advantages—for the tourist and vacationist, as well as for our permanent residents. Make our seashores and mountains, lakes and forests, the recreation and health resort of the nation.
7. Aim at working out right here in New England a more perfect civilization than the world has yet known.

Permit us to suggest to you, Honorable Governors of New England, that you join in calling a conference to consider these and cognate matters. You may deem it best to convene at Boston, in July or August, and among others to invite the head of each state or organization representative of agriculture, manufacture, labor, capital, commerce, transportation, the arts and sciences, education, religion and social welfare."

MEMORIAL SERVICES AT BAPTIST CHURCH.

There were special memorial services at the Rumford Falls Baptist Church last Sunday morning. The Women's Relief Corps and the Sons of Veterans were present in large numbers, and together with a congregation that filled the church to overflowing, listened to a memorial sermon by the pastor, Rev. Harold L. Hazen.
During the services of a similar nature at Bethel, these were held for the first time since the death of the late Mr. Hazen.

I learn by reading the OXFORD COUNTY CITIZEN that the citizens of Bethel are to dedicate the monument erected in honor of the dead soldiers, that gave their lives for their country, from Bethel, Saturday, May 30th.

Now, not being a dead brave or a native of Bethel but a somewhat alive ex-soldier that fought on the quota of Bethel and having seen some fighting and suffering myself, I am always interested in any and all things that pertain to the alive or dead comrades. At this time it seems to me that as it is impossible for me to be present at the dedication, that I might give the readers of the CITIZEN a short sketch of another man's experience in battle, as near as I can as it was told to me.

It was like this, at one time I was in company with and having a chat on my life with Bethel's late brave yet kind and respected Col. Clark S. Edwards. When he said to me, "I wish to relate something to you of my experience and what I call praying under fire, and I wish you would write it down and sometime you may be called to speak on Memorial Day or some other occasion where this would come in all right." It seems to me quite appropriate at this time to write it out for your paper as I think someone might be interested in the story coming from one by the readers so well known and loved as the Colonel of the old fighting Fifth Maine Regiment. At the battle of Salem Church, Va., May 3, 1862, I was awakened in the night and asked if it was Maj. Edwards. I answered, "yes, what is wanted," when I was informed by Hazen Sturges that he had been feeling of the shoulder of the men asleep to find the Major by feeling his shoulders, as unnecessary noise was prohibited as we were only a few hundred yards from the rebel line of battle and any stir on our part was sure to bring a volley from them. He said one of the Company I boys was wounded and dying on the field in front of us where he was left when we had to retreat the night before, leaving our dead and wounded where they fell. I went and woke up the Chaplain and we three started in perfect darkness to try to reach the wounded man. We found him in an old log cabin where he had been placed before we were driven back. He could only whisper. It proved to be Washington E. Brown from Bethel. He said, "I am dying and I wish the Chaplain to pray with me," whereupon the Chaplain knelt beside the dying man and began in a low voice to pray, whereupon the Rebels heard the sound and sent several bullets through the house passing just above our heads but the Chaplain continued his prayer in a whisper, at the close of which I began to feel my way around the house. I soon found a door ajar. It was hung on an old fashioned hinge which I easily removed and we soon placed the dying man on the same and started back as best we could and took him to the hospital, where he soon passed to the better land. The next day a man by the name of Staples was killed while climbing over a fence and as he fell was caught by the suspenders and held there in the air until taken down by his comrades.

MEMORIAL EXERCISES AND DEDICATION.

(Continued from Page One.)

exercises will be held in Orlon Hall. At this time many real army incidents will be related by the old soldiers and some of the actual experiences through which they passed will be told. Several short addresses will also be given by local speakers. The band will be in attendance and selections by the school children and the chorus will also be given.

During the day one or more band concerts will be given in town. In short there will be something doing all the time, and any who are here from away and all of our friends at home are assured that the day will be brim full of interest and bubbling over with patriotism, and an effort will be spared on the part of the committee who have the matter in charge, to make it a day which will long be remembered.

All friends who are willing to assist in the decoration of the graves are asked to make wreaths and take other decorations to the graves of their friends. Let this be the final invitation to anyone and everyone, in Bethel and out of Bethel, who are willing to lend their presence and influence toward making this Memorial Day the one grand patriotic occasion in the history of the town. Be with us on that day and we assure all of an interesting and inspiring occasion.

A Perverted Bromeliad.

"Oh, girl," exclaimed the poet, "I've just written my last and I mean to do a thing with it." Just then he saw a bunch, and the poet said to the man standing by his feet, "Write a poem on the bromeliad." "I've just written my last and I mean to do a thing with it," said the poet, "I've just written my last and I mean to do a thing with it." "I've just written my last and I mean to do a thing with it," said the poet, "I've just written my last and I mean to do a thing with it."

NORWAY.

Rev. B. S. Ridd and several delegates attended the Sunday school Association at Hallowell, last week.

Nash, the tailor, has some of his work displayed in J. H. Waite's window.

Many of the models are the "Morse" style, his own invention and made of red velvet or blue back a steel head frame; a king salmon, which weighs seventy pounds when captured; and a silver salmon. These specimens came from the Pacific coast, and Nash surely has copied nature faithfully.

"Frisbie," a three act comedy drama was presented Friday evening by a cast from the Hallowell High School. The play was well staged, and should have received a full house, as the proceeds were for Norway High Athletic Association.

Many of the friends of Fred Hall attended the "Bible" at South Paris, Saturday evening where he appeared with his black face specialty. Mr. Hall is a most popular singer with a voice especially when he displays that smile that won't wear off.

Miss Jessie Warren, for a long time member of the H. P. Epiphany factory, has now to the telephone exchange at Hallowell, and will return for a few days, returning to her work Monday.

The Grammar school went to Bryant's Pond Saturday and lost the game 4 to 2. A double header was played on the fair grounds Saturday afternoon, the first game being between the Norway High and Methuen Falls High, score 4 to 3 in favor of Norway. The second game proved exceedingly interesting from start to finish and was the Hallowell vs. South Paris. Thirteen innings were played before either could get any lead, when the break came and the game ended with a score of 9 to 7 in favor of South Paris was registered.

Chas. Allen is able to be out again after suffering from a cold and influenza. He will go back to the shoe factory soon, cutting as usual.

Arthur Hallowell, of Hallowell, is visiting relatives in town. During the past winter he has been working in Hallowell, Maine, and just returned from Florida about the fall season open.

Material Sunday was observed by the H. P. Epiphany in a fitting way. A service was held, where Rev. C. A. Hallowell, of Hallowell, was the speaker to the spirit of the day. Special music was furnished by the church choir.

John Hallowell, who has been working for a B. Hallowell & Sons during the winter, accepted a position at Hallowell, Maine, and will return to the shoe factory soon.

Mr. H. P. Hallowell is recovering from the severe attack of throat trouble which developed last week. Through the treatment of Dr. Hallowell, the throat and chest have cleared. The doctor will soon be able to resume his work.

John W. Hallowell has been at Paris, Hallowell, during the week of the shoe factory.

HORTICULTURE

FOR THE ORCHARDIST.

The Application of Water Pressure as a Spray Power.

Compressed air and gas have been used for some years as powers for spraying. Gas is expensive, and when compressed air is used, the air compressor with engine at charging station give high initial cost and some complications. Still these types of sprayers have been making headway for steep orchards where gasoline rigs

could hardly be used, and where the acreage was so large that the use of several rigs which were charged at one time was necessary. Where high water pressure is available, a corresponding of the Rural New Yorker, I know the charging of spray rigs working as above may be simplified, for with an

slight pressure tank connected with the water system it is only necessary to turn in the water to have the air compressed to the water pressure figure. An air pipe leading from the highest point of the tank will convey the compressed air to the spray rig, either to portion of the iron spray tank or to a separate tank, as the case may be. In the case of single tank sprayers the spray tank will be filled half full or less of spray material, and the remaining space with air at a pressure of 150 pounds or more, which will expel the spray at a sufficient spray pressure if modern nozzles are used. The charging tank should be large, for it must be emptied as soon as it fills completely with water, and to gain strength it would be well to use several tanks of less size. Separate tanks on the field rig also give the advantage of greater strength, and the pressure may be used at a more uniform rate if desired. Where the water pressure is a little low it may be supplemented by the use of a force pump or a gas tube.

THE BRINK IS NEAR.
Few Portland People Know How Near
It Is.

Every time you neglect backache,
Allow the kidneys to become clogged,
Fail to cure urinary disorders,
You get nearer the brink of Bright's
disease.
Doan's Kidney Pills will save you
from danger.
Proof of it is Portland testimony
Mrs. J. E. Chase, of 72 Federal St.,
Portland, Me., says "In praising and
publicly recommending Doan's Kidney
Pills I base my strength on my own
personal experience and that of other
members of our family who have used
them. I can also speak for my hus-
band who was annoyed a good deal
with lame back caused by a weakness
of the kidneys. He was indeed at
that time to get Doan's Kidney Pills
at H. H. Hays' Sons' drug store, and
found quick relief through using one
box. In every other instance in which
we have used them in our family they
have brought the same prompt and
satisfactory results. Mr. Chase and
myself recommend Doan's Kidney
Pills at every opportunity."

HOW TO TELL IF YOU HAVE WORMS

THE REMEDY THAT QUICKLY EXPELS THEM

The common symptoms of worms in children and adults are: Pain in the face with occasional swelling; indigestion accompanied by an unusual appetite at times; foul tongue and offensive breath; itching nose; vomiting; grinding of the teeth during sleep; swelling of the upper lip; hard stools; loss of appetite; loss of weight; nervousness and many other unaccountable nervous symptoms, which, if not checked in time, lead on to something more serious.

TOOK DR. TRUE'S ELIXIR AND GOT WELL

SOMERVILLE, ME.
Dr. TRUE, DEAR SIR:—
"For more than three months one of my children had been troubled with spells of vomiting and symptoms of fever nearly every week, together with canker-sores about the nose and mouth. I obtained, about two weeks ago, two bottles of your Elixir, and before the first bottle was exhausted the sores were entirely healed, and no appearance of his vomiting or fever-spells has ever returned. I really believe that the lives of thousands of children suffering from worms or canker might be saved by timely and judicious use of your Elixir." Yours truly,
J. L. HAMMERT.

This is only one of hundreds of such testimonials. This marvelous remedy has been made and sold by Dr. J. F. True & Co. for fifty-six years, and in all that time nothing but words of praise have been bestowed upon it. This is what Mr. Wing thinks of it.

AUBURN, ME.

Dr. TRUE, DEAR SIR:—
"For the past seven years I have constantly kept a supply of your Elixir in my house, and it never failed to give prompt relief. It has been a great blessing to my children, and unsolicited I give you this tribute of gratitude, hoping the merits of your unrivaled family medicine may be widely and justly appreciated." Very respectfully yours,
CHAS. B. WING.

Even though worms may not be found present, Dr. True's Elixir tones up the stomach and liver. Read what Dr. J. H. Souviney, of Brunswick, thinks of it:

"It is a safe and effective remedy. For worms it has no equal, and is an excellent remedy for canker of the mouth and throat." Dr. True's Elixir is sold by druggists everywhere at 50c, 10c, and 100c per bottle. The "Children and Their Diseases," will be sent free by simply addressing J. F. True & Co., Auburn, Me. We have a special treatment for tapeworm. Send for free book.

A Novel Idea.

It is free and deeply interests every body who has aches and pains, or who is weak and sickly. Anyone can learn the secret and quickest means to get strong and well by accepting that splendid free offer of the great specialist in curing nervous and chronic diseases.

Dr. Greene, of 24 Temple Place, Boston, Mass. He has established a system of letter correspondence through which all sick and suffering people can learn exactly what ails them, and how to get well, with out the expense of leaving their homes.

All they have to do is write the Doctor, stating each symptom from which they are suffering, and he will answer the letter explaining their case thoroughly, telling just what the trouble is and just what to do to be cured. He gives the greatest care and attention to every letter, and tells the cause of each symptom so plainly that patients understand instantly just what ails them. All this costs nothing. It is a splendid opportunity for those who cannot afford the time or expense to go to the city. Dr. Greene makes a specialty of curing patients through letter correspondence. He is the most successful specialist in curing nervous and chronic diseases, and is the discoverer of that wonderful medicine, Dr. Greene's Nervous Blood and Nerve Tonic. Those who write to him get cured.
